Mr. Foster is a new-comer in Hartford, he is by no means a stranger to us. He is native of this county and too well known to need any words of introduction. His successful career for the past ten years as a business man at Beas has convinced the people of his many dealings and his ability to please his customers. Mr. Foster will carry a general line of dry goods, notions, groceries, etc., and in his venture here he hopes for him the success he has justly merited, and welcome him to Hartford.

A Fair Company.

The Louisville Fair says: There is a strong talk of starting a fair company at this place to hold its first meeting one year from this time, and every person in the territory will be glad to see the fair, as the adjoining counties of Hancock, Breckinridge and Grayson have no fairs and a good part of their territory is accessible to Louisville, besides we have three different lines of railroads that parties from a distance may come on and enjoy the fair.

THE CELEBRATED.

Horseshoe brands of Rawbone and Wheat Grover are the genuine goods with no adulteration. In buying them you get "dry" net weight and more plant food for the money than in other goods.

There is no experiment, and the price has been reduced to suit the times. We have determined to meet any competition in prices, and with a good quality, and no recommendation. Send in what will surely advance and the crop must not be neglected.
